### **DETAILED ACTION**

Receipt is acknowledged of the amendment filed 03/08/2010.

Applicant's remarks are persuasive, and the rejection under 35 USC 103(a) over Ethicon is withdrawn. Particularly persuasive was the citation of paragraphs [0024] and [0028], which show different melting point characteristics from the polymers claimed herein.

The following are new rejections based on the newly filed claims:

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 26 , 28, 29 and 30 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Claims 26 and 28 set out the formula of the acrylic polymers which is defined as I in the specification. This structure should also be designated I in the claims.

With regard to claims 29 and 30, the material set out in these claims does not appear to have support in the original specification and is considered new matter. Correction is required.

### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

***Allowable Subject Matter***

Claims 1-4, 6, 8-12, 15, 16, 25, and 27 are allowed.

Correction of the above rejections will place the application in condition for allowance.
